MILFORD UT 84751

Dear Mr. Bradshaw:

On December 2, 2003, the post office returned the enclosed letter which we had sent to you via certified mail, but which you failed to claim. Also, we have been informed by the Utah Division of Oil, Gas and Mining (UDOGM) that you have not paid the fees required by their regulations. This is a violation of the 43 CFR 3715 regulations: *Use and Occupancy Under the Mining Laws*. § 3715.5(b) states:

"Your uses must conform to all applicable federal and state environmental standards and you must have obtained all required permits before beginning, as required under 43 CFR part 3800. This means getting permits and authorizations and meeting standards required by state and federal law, including, but not limited to, the Clean Water Act (33 U.S.C. 1251 et seq.), Clean Air Act (42 U.S.C. 7401 et seq.), and the Resource Conservation and Recovery Act (42 U.S.C. 6901 et seq.), as required under 43 CFR part 3800."

You have until January 2, 2004 to respond to the enclosed letter, or we shall issue a decision that your notice has expired, and that reclamation must begin within 30 days of your receipt of the decision. Also, if you do not bring your operation into compliance with UDOGM's regulations, we will be forced to order a suspension of any further mining activity at the site, except for reclamation.

If you have any questions, please feel free to contact Jerry Mansfield at (435) 743-3125.

Sincerely,

A handwritten signature in cursive script, appearing to read "Rex Rowley".
